MANCHESTER, WISCONSIN

Your Badger ARRL News is the berries. Just what I have been looking for. I beleive it will put more pep into the gang around the state.
I hope to see a good healthy non-resident membership to the MRAC. As for the Badger ARRL News, I shall always look forward for its arrival. You have the right idea. I know that it takes a lot of work and time to get it out and make it interesting and am willing to pay a dollar to two more per year membership fee so you fellows getting out the news may get paid for some of your time at least. I other words I want to see it a grand success.

Wishing you all the good luck in the world es
vy Best 73's I am

Respectfully yours,
George J. Rhein
